

## An Open Letter to ADARA Members and Subscribers

December 1988

As you are very aware, *JADARA* is not on schedule with its publication. This issue is dated Summer 1997. Therefore we are more than one year behind. There are several reasons for *JADARA*'s delay. However, the primary difficulty is that we undertook a change in editorship in combination with a major format change. As you will see with this issue the layout has been changed substantially.

As editor of *JADARA*, I apologize for the delay in publication. Nonetheless, I want to reassure members and subscribers that you will receive all issues of *JADARA* to which you are entitled. If you were a member or subscriber in 1997 you will receive all of volume 31. In a prior decision the ADARA Board voted to publish *JADARA* three times per year. Therefore, you will receive volume 31, number 1 (this issue) and numbers 2 and 3 as a larger combined issue. The first issue of volume 32 would also be a combined issue (numbers 1 and 2). Volume 32, number 3 would be a "regular" issue. Thereafter, the publication schedule will be as follows: Number 1 of any volume would be published in the fall (October/November), number 2 would be published in late winter (February/March), and number 3 would be published in the summer (June/July).

The ADARA Board and the Editors appreciate your patience during the delay. We hope that you will be pleased with the product you receive. If you have any questions or comments please contact me (see the Editorial Policy and Guidelines page).
