

MODEL FOR A STATE PLAN FOR VOCATIONAL REHABILITATION OF DEAF CLIENTS

Jerome D. Schein, Editor

The Model State Plan for Vocational Rehabilitation of Deaf Clients and Appendix I – Statewide Planning for the Deaf, presented in this Monograph, are meant only to provide suggestions and stimulate thinking about a plan to serve deaf persons. *Additional services, not outlined in this Monograph may be needed in your state.* It is hoped that this publication will lead you to survey the needs of the deaf population in your state, and encourage you to create a Model State Plan to meet these needs.
