NOTE: If you are a member and your name is missing or is listed in the wrong place, please notify the home office of ADARA. The year 1983 has been a year of transition to a computerized system. Any omission or correction in this list should be brought to our attention. It should also be noted that courtesy extension of some memberships have been granted due to their long and regular association with ADARA even though the renewal date on mailing labels show renewal date prior to June 1, 1983. This is being done only this year because of the renewal delay and/or possible error during the transition to the computer.

Subscribers are NOT listed above. Renewals received after June 1, 1983 will not be reflected until next year's Membership Roster is printed. Thank you.
