

## **CALIFORNIA STATE UNIVERSITY, NORTHRIDGE**

**... A pioneer in the education of deaf students**

**... The first to fully integrate deaf students on a large scale into the mainstream of university life**

**... Providing full support services and access to 4,600 courses on 52 academic majors leading to Bachelor's and Master's degrees on a campus serving 28,000 students**

**More than two decades of services to hearing impaired students have clearly demonstrated that qualified deaf students, when given nominal support services, can:**

**... Successfully compete with more than 28,000 hearing students in University classes**

**... Complete requirements for Bachelor's and Master's degrees**

**... On graduation find competitive employment in fields for which they have studied**
